MEMORANDUM FOR:

Cord Meyer
Jim Taylor

SUBJECT : EAG Papers

As you know, we have for some time been circulating to you EAG papers for your review and comment to me. I value your comments and perceptions and want to continue to receive them. Because of the demands on my time, however, I am now going to ask that the Comptroller circulate papers destined for the EAG to you directly. I also ask that you make any comment on the paper that you wish to to him. He in turn will incorporate your comments into a memorandum to me prior to the meeting. Obviously, you are free to make any additional private comment you want to make to me, but I would hope that by following this procedure we could bring all the various views together in a comprehensive package which I can review at one sitting.

E. H. Knoche
Deputy Director of Central Intelligence
